25 YEAR RE-REVIEW

Journal - Office of Lagislative Counsel Page 2 Tuesday - 12 February 1961 Called Mrs. Williamson, in the office of Senator Speasard Mailand, and expressed our appreciation for her call of Monday concorning the employment applications of Security investigation is under way on both girls and should be completed in the latter part of March, well sheed of their April graduation from school. However, as the girls are aware, pre-employment physical and psychological assessments will be necessary after the completion of the security check prior to employment. Mrs. Williamson thanked no fer the information and requested that the Senator's office be advised on the final entreme of the applications of Š., Advised Security, that a bearing to scheduled for 19 February 1963 at 10:00 A. M., of Figure Foreign Affairs Committee, in their committee room, and that a sweep and recurity mard will be required. Repulved a call from Jim Kendall, Seaste Preparedness Subcommittee staff, requesting informally that consideration be given to starilization of the transcript of the Director's testimour before the Subcommittee on 5-7 February for public release. Mr. Mendall indicated that although such sterilization might not be possible, he needed guidance for fature requests from the Chairman and Subsommittee members (s) whether the transcript raight be sterilized and released, (b) whether if sterilized there would be impelicient information to warrant publication or (c) that sterilization and publication would be possible. Advised Kondall although release of the information did not appear possible under normal Agency standards, particularly in the instance where a statement on Cuba by the DCI had been released, by the Subcommittee, but the matter would be checked and we would be back in touch. 25X1 SEUBLI 25X1 25X1 25X1 25X1
